

# MISSION 1: WASTE CRISIS

**Subsystem: Waste Monitoring Unit**

**Location: Waste Processing District**

**Greenvale's waste system is failing. Landfills are overloaded. Recycling centres are under pressure. Illegal dumping is increasing.**

**The Waste Management Hierarchy has been corrupted. Restore the correct hierarchy to stabilise the city.**

## **Your task:**

**Use the Waste Strategy Cards.**

**Select the 4 correct strategies.**

**Arrange them from most sustainable to least sustainable.**

**Turn the selected cards over.**

**Read the numbers from left to right.**

**The four digits form your Mission Code.**
