

MISSION 4: BEHAVIOUR SHIFT CHALLENGE

Subsystem: Behaviour Impact Lab

Location: Residential Living District

Daily behaviours continue to generate environmental pressure.

Transport, consumption and food waste remain major issues.

The city needs a new Behaviour Priority Model.

Your task:

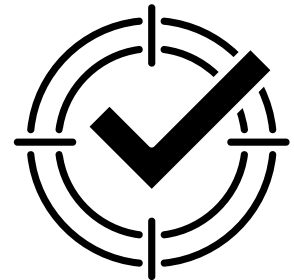

Use the Behaviour Cards.

Select the 4 behaviours with highest environmental impact.

Arrange highest to lowest impact.

Turn cards over.

Read left to right.

Co-funded by
the European Union
